MREA responds to this need by developing relevant, practical and useful Re-Licensing Education (MCE) seminars to reflect changes in all areas of the profession.

The Re-Licensing seminars are developed with REALTORS® in mind. Materials are drawn from years of experience and provide you with real, practical value. Seminar leaders are industry experts who bring their knowledge and experience to you in an informative, entertaining style. The seminars encourage discussion and interaction with your peers. You will receive a comprehensive manual to help you retain the new knowledge and skills, long after the seminar is over.
